

Framing Options

My award-winning unique images are true works of art.

Custom order your favourite photograph.

All framing is high quality and made in Australia.

1. Framed photographic prints

Printed on Australia's best cotton rag premium archival paper lasting up to 100 years using acid-free mat boards with foam backing. The high quality finish includes double-washed glass and stainless steel hanging wire (sizes over 100cm use plexiglas to ensure structural integrity). Timber frames are available in natural oak (as shown below), black, chocolate, or white.

Box frame

Standard flat frame

2. Unframed photographic prints

These high quality archival photographic prints are printed on Lustre (semi-gloss) Kodak Supra Endura paper designed to last. Signed & posted in a tube.

3. Stretched canvas prints

Stretched canvas prints are fade resistant, waterproof; protected with a UV protective coating and printed with eco-solvent inks. These are available with or without a frame.

without a frame

Floating frame in natural oak (shown above), natural ash, black or white

4. Prints on aluminium

Printed on genuine Chromaluxe metal panels using a 7 channel sublimation printer. They feature crystal sharp printing and vibrant colours.

Order a classic metal print or have it framed with a floating frame in natural oak, natural ash, black (as shown) or white.

5. Glass mounted photographic prints

Printed on long lasting premium metallic pearl paper and permanently sealed behind 6mm of toughened glass. Glass mounted prints are durable, easy to clean, with vibrant colours.

Photographs float off the wall providing a modern contemporary look.

Prices include free delivery within Australia.
Orders can also be shipped worldwide (price on request).
